A NEW MUSIC BOOK, New York Musical Review,

New York Musical Review,
FOR NOTHING!
We have press, and shall publish in October, "ARAPHOR THE OHOIR BOOK;" a new collection of Church Music for Singing Schools and Choirs, by Dr. Loweill, MASOK. Dr. MARON's last similar work, published in 1854, reached the enormous sale, in its first year, of over 54,000 copies, which is, we are confident, the largest sale over enjoyed, in its first season, by any Church Music Book by a nigit suntor. The work now in press will subrace nearly all new matter, culled with great care from numerous sources, such, as it is believed, will be of the highest interest to Chuirs and Singing Schools. Its Singing School Department is more extensive and complete than in any previous work, being, indeed, a complete work in itself, and forming an extensive collection of secular musio, the words, as well as musio, to which, are nearly all quite new. Betail price, one dollar.

We publish, also, THE NEW YORK MUSICAL REVIEW, a fertnightly journal of sixteen quarto pages, including four pages of choice music in each number, with twelve pages of reading matter, including frequent articles from the leading musicians of the country, with all the inuited news, &c., &c. Subscription, \$1.00 per annum.

In view of the present hard times, and with the purpose of botkinding a wide circulation for apacimen copies of Dr. Mason's new work, we are induced to make the following liberal offer, vin.: To every one sending us, before lat November, one dollar, the price of subscription to the Envirus, we work above announced, thus giving two dollars' worth for one. Those desiring the book sentby mail, must inclose twenty-four cents, to page and matter, to appear and a season as issued, a copy of Dr. Mason's new work above announced. Thus giving two dollars' worth for one. TO THE PATRICATE

UITIZENS OF NEWPORT.

IN the present condition of our National refairs the importance of having as many men as possible instructed in the duries of a soldier cannot be over-estimated, and, in our slate capacital, where the exposed position of the Goasi in cass of War with a rereign Power, renders it imperatively necessary that we be prepared for defense. Six Companies, comprising over three bundred men, have been formed by this Association, all of which are rapidly advancing in duffed men, have been formed by this Association, all of which are rapidly advancing in duffed men, all of which are rapidly advancing in duffed men, and to considerable sum, and to funds collected at the outset being about exhaunted, we cannot, without the instancial assistance of our fellow citizens, continued in what we consider to be a good work. We therefore appeal to the particular of the others of Newport to render as substantial aid, sufficient to enable us to early out the objects of the organization, assuring them that we shall, to the bast of sur ability, make all expenditures in a judicious and economical manner, JOHN HARE FOWELLID, SILAS D. A WORD OF CAUTION.

A WORD OF CAUTION.

If I has been estimated that over Two Hundred Thousand Dollars are paid to swindling quacks annually in New England alone; and that, too, without any benefit to those who pay it. All this comes from trusting, without approxy, to men who are alike destitute of honor, character or skill, and whose only recommendation is their owns ialse and extra mignat assertions, in praise of femucious. The only way to avoid impositely is to take no man's word, in matter than inpreferences are, but MAKE IN-QUIRY It will cost you nothing, and may have you many regrets; for, as advertising physicians in mine case out often are dogus, there is no safety in trusting any of them unless you know who and what they are.

Dr. M. will send free, by enclosing one stampas above, Pamphiet on DISKASES OF WOMEN. and on Private Dissares generally; giving full information, with the most undowleted references and testimonials without which no advertising physician, or medicine of this kind is deserving of ANY CONFIDENCE WHATEVER.
